

KING

Scored at a Meeting of Peace Congress

LEOPOLD IS MADE A TARGET AT BOSTON GATHERING

A Delegate Makes a Strong Appeal in Meeting.

ARMENIAN MAKES EARNEST PLEA

Mission is to Arouse United States in Behalf of Oppressed People of Congo Free State.

Boston, Oct. 8.—The final business session of the international peace congress was held in Park street church this forenoon. Tiro Arbratrain, the Japanese delegate, discussed the war spirit which is now rampant in his native country. Dr. M. C. Hing, a Russian, spoke in defense of his country. He said that if England had not stepped in at the close of the Russo-Turkish war in 1878, and told Russia to keep out of Constantinople, there would have been no European Turkey and consequently no Armenian massacres. Herbert Purrows, of England, replied that in his denunciation of Russia yesterday he made no attack upon the people of that country, but upon the Russian government. He said that he knew the officials of Russia were responsible for the massacres of Jews and he had documentary evidence which he could publish in this country if necessary, to prove that the Kishineff slaughter was practically at the command of the late Minister Plehve.

Boston, Oct. 8.—The policy of King Leopold of Belgium in treating with the people of the Congo Free State was attacked at a public meeting held under the auspices of the International Peace congress by E. D. Morel of England, representing the Congo Reform association. The meeting was called to discuss the relations of races and the menace to the world's order through the exploitation of weaker peoples. Mr. Morel said in part: "The errand which has brought me to the United States is a simple one. It is to appeal to you in behalf of the oppressed people of the Congo, for whose present unhappy condition you and we have a great moral responsibility from which we can not escape and from which we in honor should not attempt to escape. It is my privilege to ask you who are met here in the cause of peace whether you will not lend a hand in staying the cruel and destructive wars—if the murder of helpless men and women can be dignified by such name—which for 10 long years have been decimating the Congo peoples.

"With such fervor," he said, "did Leopold protest the purity of his motives and the sincerity of his philanthropic aims, that he succeeded in convincing the whole world, and the association blossomed forth into the independent state of the Congo. Thus, briefly, were the lives of 20,000,000 human beings assigned to King Leopold in trust for civilization. For nearly 20 years this policy of 'peace and liberty,' of 'moral and material regeneration,' has been in full swing. But behind this tinsel of so-called civilization the light shines upon another picture—a picture of a miserably oppressed and hopeless people. It discloses an enslaved and stricken race, groaning beneath a yoke heavier than the ten plagues of Egypt, and, unlike them, undeserved."

The government policy in the Congo was also bitterly denounced by Rev. W. M. Morrison, for seven years a missionary in the Congo land.

The king was defended by George Herbert Head of Cambridge, England, who submitted that King Leopold had done all possible to stop the cruelties practiced.

Dr. Melikoff, the sole Armenian delegate in the congress, made an earnest appeal that the atrocities committed in his country be brought to an end.

The congress accepted a report of the committee on propaganda recommending that the congress in 1905 be held at Lucerne, Switzerland. One of the first things which the congress did at the session was to adopt resolutions recommending to all nations to enter into a treaty insuring, in case of dispute between countries, that the difference would be submitted for settlement to a union of all the powers.

A second public meeting was held in the Old South meeting house to prepare for the peace movement in Europe.

A dinner was given last night at which the foreign delegates were guests. Speeches were made by Bishop Percival of England, the Baroness Von Sanner, Booker T. Washington and others.

NEBRASKA

Launched in Pacific—Big Battleship Glides Gracefully Into the Water. Launching Successful.

Seattle, Wash., Oct. 8. — Thirteen minutes before schedule time the battleship Nebraska left her ways at Moran Brothers' shipyard in this city and slid gracefully and majestically into the waters of Puget sound. The launching was entirely successful and no hitch marred the proceedings. The only reason the vessel was launched ahead of time was that by a slight miscalculation the poppet (a wooden brace) at the bow was raising the vessel too high, and in the opinion of experts it was better that the supports be knocked away without delay. Fully 50,000 people visited the ceremonies and saw the big vessel slip into the water. She created a very small wave as she took her maiden plunge, and floated out gently and gracefully. Naval men who viewed the launching stated that it was the most successful they ever saw. The Nebraska weighs more than any vessel ever before launched for the United States navy. After the launching the big Nebraska lay in the basin surrounded by big excursion crowds. Miss Main Mickey, daughter of Governor Mickey of Nebraska, christened the vessel.

Chicago Day at Fair.

St. Louis, Oct. 8.—If Chicago was a city of only 50,000 inhabitants it would be totally deserted today, because that many of her people are in St. Louis celebrating Chicago Day at the Louisiana Purchase Exposition. These include most of the prominent citizens of the city. The highest officials of the city from Mayor Carter H. Harrison down are here. Senators, members of congress, generals, city officials and citizens are all at the biggest show on earth.

Cleveland at Home.

Princeton, N. J., Oct. 8.—After spending four weeks at Buzzard's bay, former President Grover Cleveland arrived in Princeton. He was in excellent spirits and said he enjoyed a very pleasant and restful summer. Mr. Cleveland declined to discuss the political situation, and remarked that he had not been following it very closely of late.

Reception Tendered Delegates.

Colorado Springs, Colo., Oct. 8.—Two hundred delegates to the twenty-third annual convention of the Woman's Home Missionary society spent the day in Colorado Springs, arriving from Denver, where they have been in session. A reception was tendered them here.

Ingalls at Indianapolis.

Indianapolis, Ind., Oct. 8.—M. E. Ingalls, president of the Big Four railroad company, was the principal speaker at a Democratic meeting in Tomlinson hall. The speaker was escorted to the hall by a procession of railroad men and Democratic marching clubs.

Estimates Show Increase.

Washington, Oct. 8.—The estimates for the department of agriculture as finally framed by Secretary Wilson for the fiscal year beginning July 1, 1905, aggregate \$5,699,810. This is an increase of \$268,270 over the present year.

Off For Manchuria.

St. Petersburg, Oct. 8.—Troops of the Imperial Guards left St. Petersburg for the front. They consisted of the Second division of the Finland Guards, of which the infant czarévitch is the honorary colonel.

BOLD BURGLAR

Awakened a Man to Demand His Ring. His Wife Had Fortunately Removed Her Rings.

Cleveland, O., Oct. 8.—While police court officials and Chief of Police Kohler are wrangling, Cleveland is in the hands of crooks. Probably never in the history of the city was there so wholesale a list of crimes in one night, nor one equal in daring and brutality. In several instances the police were within a stone's throw of the thugs while the latter were at work.

Shortly before 3 a. m. Charles Deckman of 196 Lincoln avenue, was awakened by a man who leaned over his bed and shook him roughly. He caught a glimpse of a big revolver in the hands of a masked robber. The next instant a blinding flashlight was thrown into his face.

"What do you want," exclaimed Mr. Deckman, only half awake.

"Take that ring off your finger and be quiet about it," said the robber. "I'll blow you into the middle of next week in about a second."

Deckman took off the ring and handed it over.

"Your wife's rings," said the burglar next.

Mrs. Deckman who was sleeping at her husband's side, showed her hands. She had taken her rings off before retiring. The crook uttered an oath. Then he commanded Deckman and his wife to be quiet on pain of death and backed from the room. No sooner had he disappeared than Mrs. Deckman, her nerves giving away under the strain, screamed. The man fled down the stairs and out the kitchen door. There a confederate was waiting and both escaped.

caped in a buggy. Before holding up Deckman and his wife the nouse had been ransacked. The robbers took \$1,060 worth of jewelry, including the \$200 diamond ring taken from Deckman's finger, available watch, a diamond Masonic charm, several rings belonging to Mrs. Deckman, a diamond stud and a necklace.

A large number of minor burglaries and thefts were reported.

BATTLE BEGUN NEAR MUKDEN IT IS REPORTED

Oyama Orders Big Guns to Liao Yang.

British Vessel Seized by the Japanese. Is Thought to be a Blockade Runner.

London, Oct. 8.—Several Paris papers this morning received reports that the battle of Mukden had begun. The reports have received some confirmations, but nothing official has been obtained. In the same connection the evening Star prints a dispatch from Tien Tsin which stated that Field Marshal Oyama has ordered the big guns to be rushed to Liao Yang from Port Arthur.

British Steamer Captured.

London, Oct. 8.—Lloyds New Chwang correspondent today confirms the report from Shanghai that the British steamer Sishan, from Hong Kong, for New Chwang has been taken captive by Admiral Togo's fleet. He wires today that the Sishan has arrived at New Chwang with Japanese in command. The Japanese seized the vessel yesterday off Port Arthur. It is presumed she intended to run the blockade to Port Arthur with a cargo of cattle, rice, flour and general stores for the beleaguered.

BUSINESS

SITUATION OUTLINED IN DUN'S WEEKLY REVIEW.

Trade Prospects Reported to be Improving—Mills and Factories That Were Idle are Running.

New York, Oct. 8.—In their weekly review of trade R. G. Dun & Company say:

The crops are almost beyond danger, securities at the highest point since 1893, idle machinery is resuming at many factories and mills that have been closed for months, and the business outlook grows steadily brighter. By far the best feature of the situation is the confidence manifested by the business men to provide for future requirements. This is noticed at pig iron furnaces and among dealers at widely separated points, particularly those located in the agricultural sections. Dispatches from the leading cities are almost unanimous in telling of improved conditions. For the first time in many months it is possible to report that sellers of pig iron appear to have a slight advantage.

It is more difficult to find evidence of increased movement of steel, although a fair tonnage was taken by the railroads. Wire mills will not accept contracts for distant delivery, on account of a growing belief that better terms will be secured in the near future. Pipe is quiet, and structural shapes are not eagerly sought, but merchant steel is active and the tonnage of plates is encouraging. Actual business is still restricted, but the improvement in sentiment is unmistakable and may be followed very soon by something more tangible. Export trade is also promising. Soft coal also feels the stimulus of increased activity at manufacturing places.

Hides have shown unusual activity at generally a higher level of prices, and the leather market is also in a better position. Footwear factories report a large demand for quick shipment of all shoes. A little better demand was made for cotton goods, but it was checked later in the week. Duplicate orders of men's wear are also coming to mills, which are busy making deliveries on old contracts.

Failures this week in the United States are 222, against 223 last week, 250 the preceding week, and 239 the corresponding week last year. The failures in Canada number 25, against 13 last week and 20 in the corresponding week of the preceding year.

Lost His Queue.

Jeffersonville, Ind., Oct. 8.—Fong Wong Ming, a Chinaman received at the Jeffersonville reformatory from Indianapolis, is heartbroken over the loss of his queue. In accordance with the prison rules, the queue had to be taken off. The Celestial begged that it be spared, explaining that a Chinaman cannot get into heaven without it. He had to be held while the barber put him in regular convict shape.

NINETY

Miles an Hour Speed of an Auto

GREAT RACE IN WHICH 17 MACHINES STARTED

Several Accidents and One Man was Killed.

MILLIONAIRE ARENTS INJURED.

George W. Heath, a Philadelphian Won the Race and Mr. Clement Was Second.

Westbury, N. Y., Oct. 8.—Seventeen automobiles, driven at express train speed streaked around the course a little over 20 miles in length today for the honor of winning the cup donated by Wm. K. Vanderbilt Jr. Ten times they blazed their way around the course making the total distance covered of a little over 200 miles in time which held 100,000 spectators who gathered along the course to see the contest spellbound. Four countries are represented in the race, United States, Germany, France and Italy, and added interest was given to the race by the fact that three millionaires drove their own machines. They were Frank Croker, Wm. Wallace and Geo. Arents, Jr. Isador Wormer Jr., purposed giving his own car, but gave way to his chauffeur, Mr. Lutgen. G. Vanderbilt's car, "F. I. A. T." broke down while on the way to the starting point, and he was compelled to withdraw his entry.

The cars were started under two minutes headway and at 5:35 all the starters were bolting and whirling around the course. The cars made an average speed of fifty to over sixty miles an hour. On the first round George Teste, driving a 60-horse power Panhard, turned the course in 24.04, George Arents, Jr., Mercedes car, was the first to withdraw owing to an accident. The second racer to withdraw was C. E. Deurr whose machine, a 25-horse power Royal, broke its main driver at Queens. W. G. Brokav's entry was equally unfortunate. While traveling at a high rate of speed through Plain Edge, the shaft broke and the car came to a from the race.

Wm. Wallace's 30-horse power Platt, had tire trouble at Jericho, and while attempting to fix, the mechanic, who was traveling on the car was accidentally hurt. He was not seriously injured.

While rounding a curve two miles this side of Queens, on Hempstead road, the 60-horse Mercedes, driven by Arents, skidded on the rear wheels and overturned. Both Arents and his mechanic, named Mussel, were badly injured. They were taken to a hospital.

Heath, an American, in a Panhard machine finished his sixth round at 10:09:16. He was then ahead of any European record. His net speed has been 57 miles and hour.

George Arents, Jr., who was removed to Nassau hospital here, from the course of the automobile race, with his machinist, both having been injured by overturning of the machine in which they were riding, is recovering. It was said at the hospital that he was suffering principally from shock. Paul Mussel, the machinist, sustained a fracture at the base of the skull, and died shortly before noon today.

Mr. Arents is a well-known millionaire and resides at 111 Fifth avenue, New York City. Mr. Arents continues to improve. Heath and Clement, in his own car went into the last 20 miles with Clement leading by one minute, 14 seconds. At one stretch Clement was making 90 miles an hour. Heath won by one minute, 28 seconds. Clement a second.

The race itself was one succession of incidents as the crowd was kept in a continual state of excitement. Long Island never saw its line and automobilists who have attended similar events in Europe, say that the time made in the first few rounds excelled any records a retolore made. New York's elite nobbed with the farmers on the grand stands at Westbury Mineola and other points along the line. When the spectators saw a machine was but a momentary flash of a machine and all was over. At the starting and finishing lines the officials of the courses directed the race over telephone wires which circulated the course. When far up the road a tiny speck was espied there was a cry "car coming." It was but a moment when with a whirling and snorting a car under the control of a headed chauffeur, who looks like a goblin, dashed by and disappeared in a twinkling far up the road. Down at the turns at Jericho and on the Beth Page turnpike, great crowds were gathered to see the others make the dangerous turns.

The unofficial elapsed time of the two leaders follows: Heath, 5 26:45; Clement, 5:28:16; George W. Heath, the winner, is a Philadelphian.

SHOT HIS WIFE THEN HIMSELF THIS MORNING

Nine Years Old Daughter Witnessed Tragedy.

Alfred Freyer, Newark, N. J., Accused Wife of Unfaithfulness—Tragedy Followed.

Newark, N. J., Oct. 8.—Accusing his wife of unfaithfulness with his best friend, Alfred M. Freyer shot his wife Charlotte, twice in the head early this morning, and then put a bullet in his own brain. He died instantly, but his wife lingered for about half an hour.

When the shots were fired, Jessie, their 9 year old daughter, in her night gown, ran into the room and saw both bodies lying upon the floor. Her screams aroused the neighborhood.

Freyer, who was manager of the Newark Grain and Hay company, had evidently planned the murder and suicide carefully. He remained at his desk in his home writing several letters, admonishing his wife and child to retire. Some time later he went into the room occupied by the child and kissed her several times. He then entered his wife's room and the tragedy followed.

CAUSES RIOT

DOES RUMOR AMONG A CROWD OF EXCITED WOMEN.

Panic Was Narrowly Averted—False Report of Plot to Destroy a School House.

New York, Oct. 8.—False rumors of a plot to destroy a school building in the upper East side caused a riot of several hundred Italian women, mothers of the children attending the school, which excited the neighborhood, alarmed the teachers and pupils, and required a force of police reserves to quell. The women, with an unfounded and unreasoning fear that their offspring were to be destroyed, stormed the school entrance, and had not a policeman and the janitor slammed and locked the heavy doors in their faces, the mob would have swarmed into the building. About a dozen of them did get inside and excited the pupils by their shrill cries. Those on the outside joined in the uproar, and the situation was rapidly becoming serious when a patrol wagon loaded with reserves reached the scene. Finally the women were driven away, and after the 1,900 children in the school had been quieted they were dismissed and sent home.

Superintendent of Public Schools Maxwell sent to the press a statement to the effect that no threat of any sort or description has been received from any secret body or in the shape of any anonymous communication, either at the offices of the board of education or at the offices of the district superintendent; that no principal has reported any such threats, and that there is absolutely nothing in any rumor or that any threat whatever has been aimed at the school.

NEARLY ALL FOR PARKER

Poll of Steamship's Passengers Favors Candidate.

New York, Oct. 8.—Col. E. W. Stephens, of the Columbia (Mo.) Herald, was a passenger on the Hamburg-American liner Graf Waldersee, which arrived yesterday from Hamburg and Cherbourg. Colonel Stephens polled the first cabin with the result of an overwhelming vote for Judge Parker.

"I have talked to a great many Americans during my four months abroad," said Col. Stephens, "and I find that the general opinion is that there will be a change in administration. The country needs a change and the nomination of so strong a man as Judge Parker has made that change possible. My deductions have been made not only from the conversations I have had with Democrats, but with Republicans as well."

"On board this ship there were 54 voters in the cabin. I polled these and found that more than 80 per cent were for the Democratic nominee. I had been able to count in the women of American birth and citizenship I think the percentage would have been still greater for Judge Parker."

ANARCHY

In Morocco Develops—Tribes Fail to Rebel Because There is No Authority to Oppose.

London, Oct. 8.—The Times' Tangier correspondent in a dispatch describes the growth of anarchy throughout Morocco. The tribes only refrain from open rebellion because there is no one against whom they might rebel, as the sultan's authority is non-existent except inside the towns. The sultan remains at Fez with only a few underpaid soldiers. The Moorish officials everywhere, the dispatch says, are taking advantage of the situation to amass money while the sun shines, and the governor of Tangier is already compromised in affairs with several foreign legations.

Bible Society Statistics.

New York, Oct. 8.—In the 88 years of life of the American Bible society there have been issued 74,441,674 copies of the Bible, of which 4,770,489 were in the year just ended. During the last year 929,823 copies were issued from the Bible House in New York and 841,508 from the society's foreign agencies in China, Japan, Siam, Syria and Turkey.

Liquor Men's Convention.

Charles Henry will attend the national meeting of liquor men at St. Louis beginning October 12, at which time three big liquor dealers organizations will be merged into one.

The headquarters of the Ohio delegation will be at the Lyndell hotel. The St. Louis meeting is the outcome of the preliminary meeting held in Cincinnati last January at which the Knights of the Royal Arch, the Knights of Fidelity and the National Retail Dealers association were merged into the National Liquor league. At St. Louis the latter organization will be made permanent. The convention will last a week.

Policy of Noninterference.

Chicago, Oct. 8.—National Committeeman Harry C. New, who has had particular charge of Wisconsin for the Republican national committee, returned to Chicago. He said: "The Republican national committee has never taken sides or given recognition to either of the Wisconsin factions. We had hoped the decision of the supreme court would bring about harmony, but we realize that it is not for the national committee to interfere to give instructions to the Wisconsin voters."

Destructive Blaze.

Flat Rock, Ind., Oct. 8.—Fire which broke out after midnight in the Flat Rock canning factory, the largest in this part of the state, for a time threatened to destroy the entire town. The factory, a barn, two boxcars and a residence were destroyed, entailing a loss estimated at \$100,000. One-half million cans of fruit, the entire factory stock, were destroyed. The loss is partially covered by insurance.

Carrie Nation Again.

Wichita, Kan., Oct. 8.—Mrs. Nation and Mrs. McJenny, immediately after having been released from jail on an appeal bond, went down the street, knocking cigars out of the mouths of the men they met. They have been again arrested and are in the city jail on the charge of disturbing the peace and obstructing the sidewalk. A mass meeting has been called for Sunday to start a prohibition crusade.

A Slight Improvement.

London, Oct. 8.—The following bulletin was issued this morning: "Lady Cuzon passed a fair night. She shows slight improvement this morning."

A third specialist arrived at Warner from London this morning.

Acting Postmaster General.

Washington, Oct. 8.—Although the officials of the department of justice decline to give an opinion on the subject for publication, it is understood that it is their belief that as the vacancy in the office of postmaster general occurred during the recess of congress, the president is authorized to designate an acting postmaster general to serve until former Secretary Cortelyou is ready to assume his new duties as postmaster general instead of for 30 days only.

Taggart is Elated.

New York, Oct. 8.—Chairman Taggart of the Democratic National Committee is elated at the statement issued at the Republican National headquarters to the effect that New York was considered close by them.

"For some time," said Mr. Taggart, "I have felt that the Republicans had made their plans to win the election without the electoral vote of the Empire state. At first, the Republicans claimed New York, but since the state convention at Saratoga, they have been gradually becoming less confident. In claiming Indiana, Connecticut, New Jersey and West Virginia, the Republican managers have conceded that the Empire state is 'close.' Before long they will concede Indiana to us."

BARBER

Voluntarily Returns to Cambridge

THE ABSCONDING BANKER HAS SURRENDERED

Promises to Tell Everything on the Witness Stand.

THINKS HE CAN CLEAR HIMSELF

Banker Who Has Been Indicted by the Grand Jury Promptly Gave a Big Bond.

Cambridge, O., Oct. 8.—Herbert U. Barber, the absconding vice president of the Commercial bank, has voluntarily returned to Cambridge and given himself up to the authorities.

Although the fact was not known, Barber returned Wednesday night, and Judge Huete, who is defending Barber, informed Prosecuting Attorney Stevens that whenever he was ready Barber would be on hand.

On Friday Deputy Sheriff Henderson went to the home of Barber's parents with a warrant. There he found him, and they returned to the court house. The grand jury, which was in session, has returned seven indictments, embracing twenty-two counts, against Barber for embezzlement and larceny. The bond required for his appearance in court was fixed at \$25,000, and was furnished by Charles H. Bell, of New Lexington, O., and N. H. Barber, Jennie Barber and David C. Taylor, editor of the Guernsey Times, of this city, and Barber was released.

Barber was married in New Mexico, it is said, to Miss Carrie Norris, the young society woman who left simultaneously with Barber and Cashier P. C. Patterson. After they were married Barber and his wife, it is stated, went to Corpus Christi, Tex. There they remained several weeks for the double purpose of enjoying a rather unquiet honeymoon and for the benefit of Barber's waning health. It is stated on good authority that his young wife is now with relatives in a nearby city. It is believed she is in Marietta, where she went ostensibly to visit relatives on the day of her disappearance from Cambridge. Another story is that she is in Columbus, while Barber himself is quoted as stating that she is not far from Cambridge.

Carrie Norris was a stenographer in the office of Attorney F. L. Rosemont. A story is current along with a lot of others, that Miss Norris had come direct with Barber, and that she was at the home of her sister, but this could not be verified. It is the belief of some that she came as far as Cincinnati with him, and that she is still in that city. There has been corroboration of the story that they were together at Los Angeles, Cal., about a month ago, and were met on the street there by Hudson Jenkins, a former resident of this place.

Barber shows the effect of the worry he has had since he left here, and appears pale and thin. Barber answers all questions concerning the affair with the statement that everything will be made known during the trial.

The most remarkable feature of the banker's return was the demonstration last night at the residence of Mr. and Mrs. M. H. Barber. Hundreds of Herbert Barber's friends called and greeted him cordially. Among them were many persons who had lost money through the alleged peculations of Patterson and Barber. Barber, it is understood, is confident that he can clear himself of any blame attached to the failure of the Commercial bank, and has already made a statement reflecting on Patterson and others.

Barber came from Texas to Cincinnati. Information was received here that he was in Cincinnati, and Sheriff Watson went there Thursday with a warrant for his arrest, not knowing that Barber had arrived here the night before and was then at the home of his parents on South Eleventh street. His father, Judge N. H. Barber, said that Herbert had been ill since he left here, and had spent a great deal of time in taking treatment at a sanitarium in the West. He said that Barber and Patterson had not been together since they left here and that they did not know where Patterson was at the present time.

MAYOR INDICTED.

Cleveland, Oct. 8.—The grand jury today indicted Mayor Billmeyer, of Bellevue on the charge that he accepted a bribe to influence legislation in the lighting franchises, and J. W. Moore, a prominent Cleveland man, and Barton Stevenson, were indicted for offering Billmeyer a bribe.

Around the pillars of the house were shocked the corn, and in every available place was to be seen the yellow pumpkin which is so closely identified with Thanksgiving. Beautifully combined with the evidences of the harvest wealth was festooning of red and white bunting, the league colors. ## SCOTT'S EMULSION

makes pale, thin children fat and chubby. Overcomes wasting tendencies and brings back rosy cheeks and bright eyes.

It's surprising how quickly children respond to Scott's Emulsion. It contains just the element of nourishment their little bodies need. They thrive on it.

Even a few drops in the baby's bottle have a noticeable effect for good. Nothing better than Scott's Emulsion for growing children.

Why do substitutes for Scott's Emulsion cost less? Because they're worth less. With one you wait in vain for the benefits you had looked for. In Scott's Emulsion you get them. It never disappoints. That's worth the few cents difference in cost.

We'll send you a sample free upon request. SCOTT & BOWNE, 405 Pearl Street, New York.

## NO SMOKING

Big Department Store in New York Starts Custom of Checking Pipes and Cigars.

Everyone knows that you can check a trunk, even if it be to San Francisco. You also receive a check for your hansom cab when you drive up to a restaurant, or for your \$20,000 motor car at the country club. Ever the good housewife when she goes to the up-to-date department store may check her baby while she makes her round of the counters. It is known to very few however, that in a certain wholesale dry goods house in New York City you can and must check your lighted cigar before entering the building.

This dry goods house is the largest in this country, if not in the world. It covers an entire city block, a few minutes' walk from Broadway. And everyone, no matter whether he be a big buyer with a carload order, or a diminutive messenger boy with a telegram, must leave at the door his cigar, cigarette or pipe. It is the most stringent rule of this great firm that on one, from the \$50,000 a year salaried president, down to the \$3 a week office boy, may smoke when inside the building.

At the entrance stands a neatly uniformed man, who is big enough to make one think twice about argument. As you enter he politely touches you on the arm and says, "Pardon me, are you smoking?" and should that be the case he will say, "I must ask you to leave your cigar here."

He will then hand you a check and with gloved fingers carefully deposit the perfect or pipe on a small brass rack provided for the purpose and which bears the same number as the check you have received. When you leave the building you present your check and receive your cigar or pipe and a match to light it with and go on your way.

**REGISTRATION DAYS**

Every voter in the city of Newark is required to register this year in order to enable him to cast his ballot this fall. Everybody who is by reason of age, legal residence and other qualification of citizenship, eligible to vote for President, Tuesday, November 8, 1904, **MUST REGISTER** anew this year, regardless of any and all previous registrations.

The days for registration are as follows:

**THURSDAY, OCT. 13.**  
**THURSDAY, OCT. 20.**  
**FRIDAY, OCT. 28.**  
**SATURDAY, OCT. 29.**

**A Comparison We are Glad to Make.**

The American Tribune of September 29, 1904, contained the following heavy leading editorial:

"J. What-a-ye-eul-in Hurst's election as Congressman would simply prove a continuation of the vacuum by which the 17th district is at present represented in the House of Representatives."

The above is an uncalled for and unjust fling at Congressman Cassingham over Mr. Hurst's shoulder. The Advocate is not afraid to compare the public services of our present efficient and faithful Congressman—Hon. J. W. Cassingham—with those of the Hon. Martin Luther Smyser.

Mr. Smyser during his term in Congress introduced eleven bills, seven of which failed and four of which became laws. Of these four, only one was a public bill, the one to erect a public building at Akron, Ohio, the other three being pension bills.

Mr. Cassingham, during his service in Congress, introduced eighteen bills and they all passed and became laws. So, in that respect, as in all

others, the ratio of Mr. Cassingham's services in Congress to Mr. Smyser's services, were as eighteen to four; or four and a half to one. In addition, Mr. Cassingham made one of the most accommodating and valuable Congressmen this district ever had.

Mr. Smyser could not get a re-election to a second term and for that reason only served one term. Mr. Cassingham served his constituents so faithfully and well that he was given a second term practically without opposition. And herein is another difference between these two men that is sufficiently significant in Mr. Cassingham's favor.

**David B. Hill to Speak at Mansfield.**

A committee consisting of Judge Lewis Brucker, S. C. Minge and H. B. Bell of Mansfield, were in the city on Friday working up interest in the big David B. Hill Democratic mass meeting at that city.

Hon. David B. Hill of New York will address a Democratic mass meeting at Mansfield, in the new Memorial theatre on Thursday evening, October 20. This is the only speech that Mr. Hill will make in Ohio this campaign, and will probably be the only opportunity that the Democrats of this vicinity will have of hearing this distinguished Democratic orator.

If a delegation of fifty can be secured special rates can be had from Newark to Mansfield for \$1.35 for the round trip. The crowd can leave here on the 1:30 train in the afternoon and return the same night. A special effort should be made to get up as large a delegation as possible to attend this meeting, and with a very little effort fifty could be secured to go, and probably a larger number.

The American-Tribune is manifesting an opposition to Mr. Riley, the Democratic candidate for Auditor, that partakes of the nature of both misrepresentation and malice. The Advocate prefers not to retaliate by making the same kind of mean flings at the Republican candidate for Auditor, or for any Republican candidate, but The American-Tribune's assaults on Mr. Riley are inviting just that kind of warfare, and may provoke the publication of facts that will not be to the advantage of Mr. Riley's opponent.

Regarding the A. T.'s attempt to misrepresent Mr. Riley, here are the facts. Back in the year 1891, Mr. Riley was nominated for Clerk of the Court at a Populist convention without his knowledge, for he was not in attendance. But the following year, 1892, he participated in the Democratic May meeting, was made a member of one of the important committees, and has been an active, faithful, earnest Democrat ever since. He actively supported and voted for Mr. Young when that gentleman ran for his second term as Clerk of the Court in 1894.

Mr. Riley is one of the best known, most efficient and popular teachers in Licking county, and possesses qualifications, merit and public confidence far superior to that of the Republican opponent.

"There is not a sentence in the Republican platform recommending a reduction in the expenditures of the government; not a line suggesting that the increase in the cost of the War Department from \$34,000,000 in 1886 to \$115,000,000 in 1901, should be inquired into; and not a paragraph calling for a thorough investigation of those departments of the government in which dishonesty has been recently disclosed."—From Judge Parker's Letter of Acceptance.

**Scrofula**

It is commonly inherited. Few are entirely free from it. Pale, weak, puny children are afflicted with it in nine cases out of ten, and many adults suffer from it. Common indications are bunches in the neck, abscesses, cutaneous eruptions, inflamed eyelids, sore ears, rickets, catarrh, wasting, and general debility.

**Hood's Sarsaparilla and Pills**

Eradicate it, positively and absolutely. This statement is based on the thousands of permanent cures these medicines have wrought.

"My daughter had scrofula, with eleven sores on her neck and about her ears. Hood's Sarsaparilla was highly recommended and she took it and was cured. She is now in good health." Mrs. J. H. Jones, Parkersburg, Ind.

**Hood's Sarsaparilla promises to cure and keeps the promise.**

**SMYSER IN BAD FAVOR**

WITH REPUBLICAN LEADERS OF THE STATE.

How He Has Played False to Both Factions and Has Confidence of Neither.

Columbus, O., Oct. 8.—Republican politicians at the state capital whose eye teeth were cut long enough ago to entitle their memories to some respect, are becoming somewhat interested in the congressional contest in the Seventeenth district. The interest is not due to any doubt they entertain regarding the outcome, because the situation there is not considered doubtful. It is generally anticipated that Hon. J. E. Hurst of New Philadelphia, will be elected by a majority as large as the average in that district, if not larger.

As a matter of fact the leading Republican politicians of all factions now represented at the state capital, would prefer this result to the election of M. L. Smyser, Mr. Hurst's opponent. And thereby hangs a tale.

It is charged that Judge Smyser has played fast and loose with so many Republican leaders in Ohio that he is now distrusted in politics by all of them. Within very brief memory he has been a Kurtz man, a Hanna man, a Foraker man, a Dick man and a Herrick man. He was formerly strongly in the confidence of the anti-Hanna men, whom it is said he betrayed in order to join forces with Hanna when the latter's star became in the ascendant. At various times he has attached his changing fortunes to one leader or another, but it is not recorded that he ever stuck to one for any great length of time.

It is said that very recently there has been serious apprehension as to just where Judge Smyser was to be found in the Republican camp. There is a well-authenticated story to the effect that at the time of Governor Herrick's inauguration when Smyser was a candidate for delegate to the Republican National convention, he declared to the present adjutant general of Ohio, A. B. Critchfield, of Wayne county, that if elected delegate he would cast his vote for Hanna for president if it was the only vote in the convention so cast. This shows what Smyser's love for Roosevelt was at that time, and it is charged that he was then consorting with the Roosevelt element in this state, flattering them with the same promises of the support he volunteered to Hanna, in the hope of working both factions to support him for delegate and perhaps later for congress.

The story also goes to the effect that Hanna was told of Smyser's declaration for the senator for president, and that Hanna thereupon declared that he probably would not be a candidate. But certainly would not, if it was necessary for him to rely upon the loyalty of Mr. Smyser.

In other words Smyser was not a man whom Hanna would trust.

Smyser's last political deal was with Editor McWhine and Judge Sowers, of New Philadelphia, and Editor McCoy, of Coshocton, three well-known Foraker champions, at the Republican Congressional convention. By this deal Smyser again allied himself with the Foraker faction and thus obtained the nomination for Congress. The deal placed the Forakerites, under the leadership of three or four men, including Smyser himself, so completely in control of the convention that they rode rough shod over the friends of the late Senator Hanna. Consequently there is an undercurrent of opposition to Smyser among the followers of Hanna and Dick throughout the district that is strong enough to cause many of them to vote against Smyser on election day.

Mr. Smyser's peculiar way of identifying himself with more than one faction at the same time is well understood by the gentlemen at Republican state headquarters. There is not one Republican leader in this state who would fall over himself many times to gain Mr. Smyser's support for anything. His present exploit in the Seventeenth district is amusing to the Republican leaders here, and their amusement will turn to hilarity about the time the returns indicate the size of Mr. Hurst's majority.

**SIGNS**

OF POPULAR DISSATISFACTION WITH GOVERNOR HERRICK

Which Cannot Fail to Result in Party Split Next Year—Governor's Labored Defense.

Columbus, O., Oct. 8.—Governor Herrick's speech at Warren has caused much amusement among the politicians here. Some of the Republican seem to enjoy the Governor's dilemma as much as the Democrats. It is pointed out that never before in the history of Ohio did a governor find it necessary to break in on the ceremonies attending the opening of a national campaign with a defense of his administration. In his remarks at Warren the Governor lost all sight of Roosevelt, the Chicago convention and the issues of the campaign. Smarting under the recent criticisms of various religious and educational bodies, he was inspired to regard himself and his administration as the paramount issue, and so launched into a feverish defense of both.

It is noticeable that the Governor is very sore over the many signs of popular dissatisfaction with his official record. It is doubtful whether it would be safe for some of the representatives of the anti-saloon league to venture within the sacred precincts of the executive office at the state house. The Governor's temper shows that it will be impossible for the Republicans to avoid state issues in the present campaign. In every way possible they are trying to squirm out of meeting them, but to no avail. Their local organ published within the past few days a piteous whine deploring the "injection" of state issues into contest, and on orders from the Republican managers this has been taken up by all the other organs which the state administration is able to rely upon at all times. It is significant that some of the most prominent Republican newspapers in the state refuse to follow instructions and "de-plore" the consideration of state affairs in connection with the national election. It is evident that a big split on state issues is now widening in the Republican party in Ohio and by next year will form a chasm into which the people will be prepared to drop the political gang who engineered the business of the seventy-sixth general assembly and have since acted as special champions of the state administration.

Mrs. N. W. Jarvis, No. 105 North Fifth street says: "When I got Doan's Kidney Pills at Crayton's drug store I had been sick for some time, in fact I could not do anything I was feeling so poorly. I had a severe pain in my back and was terribly weak. I had been taking treatment first one thing and then another, but I felt no better. My attention was drawn to a reading notice in our local paper about Doan's Kidney Pills. Bad backs like mine had been cured, could mine be also? I decided to try them. They did for me what other medicines failed to do. They gently aided the kidneys and the pain in my back over those organs left me."

## Save Your Daughter

No. 185 West 88th Street,  
New York City, N. Y., April 8, 1903.

Wine of Cardui has been a blessing to my home. I have  
often found that it was a great relief when I was weary or in  
pain, but I am especially grateful for what it did for my  
daughter and only child. I noticed that her menses were  
tardy and she suffered with headaches and giddiness, heaviness  
in the abdomen and about the loins. This seriously in-  
terfered with her studies and she had to discontinue several  
of them.

A visitor calling on me and discussing the matter suggested that I give her a course  
of your Wine of Cardui as it had relieved her daughter of a similar trouble. After my  
daughter had used it for five weeks I found  
a great improvement in her looks, health  
and behavior, in fact she was a different  
girl. The flow became regular and she  
has not had any difficulty since.

*Lydia H. Thompson*  
TREASURER, BATHING MEMORIAL ASSOCIATION.

## WINE OF CARDUI

Here the menstrual function had not been properly started and the un-  
natural condition was making the young girl an invalid. The headaches and  
giddiness, indicated something more than a mere temporary ailment. They  
were symptoms of a functional weakness which would become more and more  
aggravated as years went by. But Mrs. Thompson was ready to take advice  
for her daughter's welfare and she gave the little sufferer Wine of Cardui and  
now she is a well young woman.

If your daughter is sickly and frequently ailing the letter of this good  
mother contains the best advice you can follow.

Wine of Cardui is the menstrual regulator that cures nine cases out of  
every ten. Young girls, mothers and aged women find this tonic indispensable.  
All druggists sell \$1.00 bottles Wine of Cardui.

## LICKING COUNTY FAIR

Notwithstanding Bad Weather Early in the Week a  
Big Success--Crowd of 16,000 Present on the  
Closing Day--Credit is Due the Officers.

The Licking County Fair, which  
came to a close on Friday, eclipsed all  
former exhibitions for a quarter of a  
century in the way of attendance and  
genuine amusement for the people.  
Friday was a record breaker for attend-  
ance, and it is said by those who are  
in a position to know what they are  
talking about that there were at least  
16,000 persons on the ground. Hun-  
dreds of vehicles were massed in the  
grounds, and the roads leading to the  
grounds were also lined with vehicles.  
From an agricultural and horticultu-  
ral standpoint, the exhibition was up

While all the officers and directors  
of the Agricultural Society are entitled  
to great credit for the part they took  
in making the fair the big success it  
proved to be, the exhibitors and every-  
body that had anything to do with the  
fair are long in their praise of the very  
efficient and satisfactory manner in  
which Mr. W. H. Kussmaul, the hard-  
working president of the Society, and  
Mr. J. M. Farmer, the indefatigable  
secretary, who worked early and late,  
are entitled to special credit. Presi-  
dent Kussmaul looked after the adver-  
tising contracts, placing them where  
they would do the best good and there  
was not a newspaper in Central Ohio  
but what advertised the Licking County  
Fair in one way or another. Mr.  
Kussmaul is eminently well fitted for  
this particular business as was exam-  
plified by the results of his work.

PRESIDENT W. H. KUSSMAUL.

For former years, but when it comes to  
races, this was the banner year. The  
races were competed by more and bet-  
ter horses than ever before and were  
as interesting as the Grand Circuit  
races. They were spirited and devoid  
of jockeying, each driver doing his  
best to win.

The fair has been a grand reunion—  
everyone was shaking hands and ex-  
changing greetings, and everybody had  
a good time. The children, armed with  
balloons and ice cream candy, had

SECRETARY J. M. FARMER

their fun, while the older ones enjoyed  
the day just as much as the young peo-  
ple. Fair week is regarded by the  
farm man, farm hand and farmer boy,  
as the gala week of the whole year.  
They look forward to the annual dis-  
play of the season's produce, and all  
the attractions usual at a county fair,  
much as the small boy looks forward to  
the big circus, dreaming and planning  
about it weeks and months beforehand.

And only the farmer who knows the  
glad and joy of that greatest of all sea-  
son's anticipations—the County Fair,  
by means of it, farmer and neighbor  
are brought into closer touch than oth-  
er means or agents could effect; pro-  
ducer and product are brought into di-  
rect contact with buyer and consumer;  
and the comparative results of the en-  
tire season's production are brought  
together for inspection, showing what  
advances have been made. All the offi-  
cers and members of the Licking Coun-  
ty Agricultural Association, and all  
who in any way were connected with  
the fair this year are to be congratulated  
on the fact that it exceeded any  
former effort for years. All the offi-  
cers worked energetically and zealous-  
ly towards the success achieved  
and can well feel proud of the result.

The Subject of an Interesting Talk by  
Dr. Duval at the Y. M. C. A.  
Sunday.

Dr. Duval's subject for Sunday after-  
noon is one that is of special inter-  
est to the younger young men and to  
the fathers of young men, "Adolescence  
—It's Tremendous Significance to the  
Young Man." He proposes to discuss  
not so much the physical changes  
through which a young man passes at  
adolescence but the moral, mental and  
spiritual crises and struggles of the  
young man at that age.

The Denison Conservatory of Music  
will again furnish the musical program  
from 3 to 3:30. Dr. Duval follows im-  
mediately afterward.

At 4:30 the four Bible study groups  
meet for 45 minutes, and then the fol-  
lowing lunch, which this year is  
served at the Y. M. C. A. in the social room.

The young men of Newark are urged  
to attend any or all of these services.  
Non-members and members are all

## In The Field of Sport : : :

## PROTESTED

TWO OF DENISON'S BEST FOOT-  
BALL PLAYERS.

Ohio State Feared the Baptists and  
Resorted to This Method of In-  
suring Victory.

Ohio State clashes with Denison this  
afternoon at 2:30 on "U" field.  
It will be remembered that the Pap-  
tists played the Medics just one week  
ago to a draw and this fact boomed the  
Denison stock to the high water mark.

But Edmonston and Shipp were in  
that lineup. They will probably not  
be today, as the Ohio State manage-  
ment has protested both men.

In Edmonston's case it is claimed  
that he played on Georgetown, N. C., year  
and he was barred last spring when  
Ohio State met Denison on the dia-  
mond.

Prof. Caldwell, the Denison member  
on eligibility rules, now claims he was  
withdrawn through a misunderstanding.  
However, nothing definite had been  
done at a late hour last night and the  
protests may be fought out this after-  
noon before the game.

O. S. U.-Denison Game.

A big crowd of Denison rosters went  
to Columbus during the morning to at-  
tend the Denison-O. S. U. football  
game. Quite a number of Newark lov-  
ers of the sport also went over to root  
for Denison.

## PAW

(The Cleveland Leader.)

The wisest man, on this here earth

Is paw;

He knows a thousand times as much

As maw,

The neighbors don't know near as much

As he—

He's full of knowledge, full as he

Can be.

He knows just how the housework

Should

Be done.

And how this glorious country should

Be run,

He knows exactly how maw ought

To dress—

He's certain he could do it for

Much less

Sometimes we argue; then it's paw's

Delight

To show us that we're wrong and he

Is right

They don't make men these days like

paw,

You bet,

Or, if they do, I've never seen

One yet

Paw uses Goodhair Soap and he is as

smart

As he can be.

**MOTHERS! Retain Your Youthful Figures.**

To be beautiful is to be loved by all. If there lives the woman who is indifferent to this she is yet to be heard of. Yet from time immemorial society has recognized what they thought to be a detriment in the way of such a realization. The bearing of children has meant to them the marring of physical beauty of figure, without which beauty of face would be of little account. Nothing could be more remote from truth than this; childbirth is purely a natural phenomenon, accompanied by pain, to be sure, but if properly managed no more harmful in its effects upon the human form than any other natural function.

**MOTHER'S FRIEND**

Is essential in the proper management of every case of labor; it relaxes and softens the abdominal muscles, thereby enabling them to sustain the stretching that they must undergo, and from this very fact it facilitates their return to normal proportions after childbirth, and it is obvious that pain must be greatly lessened from this very reason.

It is a liniment, it is harmless, it is potent, it is priceless in its results, it is Mother's Friend, \$1.00 per bottle at drug stores. Our bottle of priceless value sent free to all women.

**PROTESTED**

TWO OF DENISON'S BEST FOOT-  
BALL PLAYERS.

Ohio State Feared the Baptists and  
Resorted to This Method of In-  
suring Victory.

Ohio State clashes with Denison this  
afternoon at 2:30 on "U" field.  
It will be remembered that the Pa-  
rists played the Medics just one week  
ago to a draw and this fact boomed the  
Denison stock to the high water mark.  
But Edmonston and Shipp were in  
that lineup. They will probably not  
be in today, as the Ohio State manage-  
ment has protested both men.  
In Edmonston's case it is claimed  
that he played on Georgetown, a year  
and he was barred last spring when  
Ohio State met Denison on the dia-  
mond.  
Prof. Caldwell, the Denison member  
on eligibility rules, now claims he was  
withdrawn through a misunderstanding.  
However, nothing definite has been  
done at a late hour last night and the  
protests may be fought out this after-  
noon before the game.

**O. S. U.-Denison Game.**

A big crowd of Denison rosters went  
to Columbus during the morning to at-  
tend the Denison-O. S. U. football  
game. Quite a number of Newark lov-  
ers of the sport also went over to root  
for Denison.

Can be.  
He knows just how the housework

He knows exactly how maw ought

# MOTHERS! Retain Your Youthful Figures.

To be beautiful is to be loved by all. If there lives the woman who is indifferent to this she is yet to be heard of. Yet from time immemorial society has recognized what they thought to be a detriment in the way of such a realization. The bearing of children has meant to them the marring of physical beauty of figure, without which beauty of face would be of little account. Nothing could be more remote from truth than this; childbearing is purely a natural phenomenon, accompanied by pain, to be sure, but if properly managed no more harmful in its effects upon the human form than any other natural function.

# MOTHER'S FRIEND

Is essential in the proper management of every case of labor; it relaxes and softens the abdominal muscles, thereby enabling them to sustain the stretching that they must undergo, and from this very fact it facilitates their return to normal proportions after childbirth, and it is obvious that pain must be greatly lessened from this very reason.

It is a liniment, it is harmless, it is potent, it is perfect in its results. It is Mother's Friend. \$1.00 per bottle at drug stores. Our book of priceless value sent free to all women.

## LETTER

Told of Lane's Alleged Attention to Miss Eddy—His Wife Abandons Theory of Suicide.

Bellefontaine, O., Oct. 8.—The mysterious disappearance of Wm. P. Lane was partially explained by the receipt of a letter from Asheville, N. C., where he spent three months, telling of his alleged attentions to Miss Eddy. Oberlin, O., who was sojourning there. The letter which was written to a relative of Lane by an intimate acquaintance, says that Lane passed as a single man during his residence in Asheville. He and Miss Eddy lived at the same hotel and departed about the

same time. Miss Eddy drew her funds from the bank.

Lane came home September 24 and departed the next day, kissing his wife and three children good bye, with the word that he would return in half an hour. He has not returned and the last thing to give any idea of his whereabouts was the finding of his clothing—everything save his hat, on the banks of the Silver Lake, four days later. The water was dragged for two days for the body, but without result.

The suicide theory has been abandoned, and now no pains will be spared to locate Lane.

### The Two Husbands.

Once there were two women who got married. And the husband of the first woman was immensely popular with all her friends. Whenever they were out at dinner or at a social gathering he was the life of the party, and all the other women rather envied her having such a congenial husband. The husband of the other woman was a failure as a social light. He could not talk to other women, and he always trotted right along beside his wife dutifully. All the other women envied her having a husband who was so devoted to her.

But the first woman was not satisfied with her husband, because the rest of the women found him so agreeable.

And the second woman was dissatisfied with her husband because he seemed to be unable to hold his own in a social gathering.

This teaches us—No, it doesn't. It simply leaves the poor husbands up in the air, as usual.—Chicago Tribune.

## TAG DAY

KING'S DAUGHTERS FIX OCT. 22 AS THE DAY.

Money to be Used for Charity—Everybody Should Wear a Tag on Saturday, Oct. 22.

Preparations are now being made for the annual Tag Day in charge of the King's Daughters of Newark. This event will be held on Saturday, Oct. 22. The young ladies will be stationed on the street corners, well supplied with tags and contribution boxes. All persons passing will be asked if they wish to contribute to the King's Daughters' work. Any contribution, no matter what size, will be appreciated.

Each contributor is given a tag which is to be worn during the day to show sympathy with the work done by this order. Through the generosity of the contributors on Tag Day last year the King's Daughters were able to render assistance in many places during the past year. Give them a contribution this year if you can, and so help them to continue their work in our midst.

## PIPE LINE

New Being Tested Preparatory to Starting Oil Flowing to Kansas City.

Kansas City, Mo., Oct. 8.—The first of 26,000 barrels of water being pumped through the Standard Oil company's new pipe line from the Kansas oil field is expected to reach here this afternoon. Pumping started at Humboldt, Kansas, last Monday. When the water begins to arrive the valves will be shut here and the whole line subjected to a pressure of 10,000 pounds to the square inch. When the test is completed oil will be forced through an eight inch main and a new era will have begun for Kansas and the territorial oil fields. Huge receiving tanks and 56 storage tanks await the oil at the \$4,000,000 Sugar Creek refinery near here, one of the largest in the country.

The Standard will distribute oil from here to all parts of the southwest.

Actual business from the start, is taught at Bliss College. 8-11

### His Limitations.

"There isn't anything our manager would not attempt to produce." "Except salaries."

An Uncomplimentary Exchange. "Who is that frightful looking girl over there in the pink dress?" "My sister."

"Oh, I beg your pardon." "It's all right, my boy. I've seen your sister, and you must hear awful things about her too."—Cleveland Plain Dealer.

### Plenty of Gail.

"Mr. Poreson is exactly what you would call a considerate man." "No," answered the next door neighbor. "He is the sort of person who will borrow your lawn mower tonight so as to wake you up with it at 5 o'clock tomorrow morning."—Washington Star.

## THORNVILLE

SENTIMENT IN MURDER CASE IS DIVIDED.

Town Literally Torn Asunder and Divided Into Factions That May Become Feudists.

Thornville, Perry county, Ohio, is one of the most picturesque villages in Ohio, with a population of about 400. It lies at the summit of one of the numerous hills which are characteristic of Thorn Township, in which it is situated. This village is literally torn asunder and divided into factions that may at some time become veritable feudists over the arrest and prosecution of Charles Basore for the murder of Station Agent M. W. Hoy last January 10.

The feeling that exists between those who believe in Basore's innocence and those who are confident of his guilt, is not the kind which gives itself vent in argument, but is that quiet, suppressed, yet intense conviction on each side, which may at any time break forth in bloodshed. An instance which shows that the conservative people there realize this state of affairs was the fact that the drug store in the village absolutely refused to honor prescriptions of physicians for liquor, fearing that indulgence by the citizens might result in riot.

The Advocate was the only Newark paper that had a representative at the hearing Friday and the account telegraphed to this paper was correct in every detail.

Attorneys Smythe & Smythe, counsel for Basore, have served notices on the prosecuting attorney, clerk of courts, and probate judge of Perry county, that the prisoner, who is now confined in the county jail at New Lexington without bond, demanded a hearing before the probate judge on next Tuesday, October 11, at 9 o'clock, at New Lexington.

This procedure is under section 7:65 Revised Statutes which reads as follows:

"When any person is committed to jail charged with the commission of an offense \* \* \* the sheriff shall give the probate judge at least three days' notice of the time of holding an examining court. \* \* \*

Under the statute the probate judge may discharge the prisoner, admit him to bail or remand him to jail, in the discretion of the court.

The Advocate offers \$500 in cash and prizes for the best estimates on the total vote in Licking county at the November election. It costs nothing to participate. All who pay their subscription in advance will be entitled to make estimates. There are 136 prizes. Read the full announcement in another column.

### Our Law Revised.

Chicago, Oct. 8.—The Chicago Employers' association, through Attorney Dudley Taylor, brought into operation a law that has lain dormant for years, by which it is believed picketing, violence and the crippling of industries by strikes can be prevented. It is "An act to prohibit any person from obstructing the regular operation and conduct of the business of any railroad company or other corporation, firm or individual." Under this measure, Attorney Taylor contends, employers may proceed against pickets without necessity of injunctions, and have the guilty persons held to the grand jury by examining magistrates.

### Lynching Probable.

Gainesville, Ga., Oct. 8.—Garrett Chamberlain, a prominent farmer and deputy sheriff of this county, was shot and killed by a negro near his home at Tacoma. He was seated in his wagon with his wife at the time of the shooting. His wife, who is the only witness to the tragedy, says the negro "tried to kill her. Much excitement prevails, and scores of people are now searching the woods with bloodhounds, and if the negro, whose name could not be learned, is captured, lynching is feared.

### Massachusetts Republicans.

Boston, Oct. 8.—The Republican state convention nominated a state ticket, again headed by Governor John L. Bates, and 16 presidential electors, and adopted a platform. The main plank indorse President Roosevelt's administration and advocate reciprocity treaties with foreign countries, and especially with Canada. The convention passed resolutions paying an eloquent tribute to Senator Hoar. The following ticket was nominated: Governor, John L. Bates; lieutenant governor, Curtis Guild, Jr.; secretary, William M. Olin; treasurer and receiver general, Arthur D. Chapin; auditor, Henry B. Turner; attorney general, Herbert Parker.

### For Municipal Ownership.

Chicago, Oct. 8.—Mayor Harrison served notice on the Chicago Union Traction company to cease operating streetcars in Adams street, Desplaines, Harrison, Western avenue and Twelfth street. According to Corporation Counsel Tolman the mayor's action is taken in view of efforts of the traction company to prevent a settlement of franchise disputes between the South Side surface lines and the city. The purpose of the mayor, Mr. Tolman says, is to clear the way for a municipal street railway.

## SUDDEN DEATH

OF A FORMER LICKING COUNTY MAN AT MARYSVILLE.

Col. Jas. W. Tilton, Treasurer of Union County, Who Has a Sister Here, Died Friday.

The sudden and unexpected death of Colonel James W. Tilton, treasurer of Union county, who is well known in Newark, was a shock to the citizens of Marysville and vicinity.

He was found unconscious in bed Friday at Marysville, by his wife, and expired shortly afterwards.

Death was the result of heart disease. He was about as well as usual when he retired the previous night.

Mr. Tilton had gradually been failing in health for the past year. He was one of the most prominent Republicans of Union county, and was serving his second term as county treasurer. Mr. Tilton was born in Fallsburg, Licking county, O., July 8, 1843.

A few years after the war through which he served faithfully, he was united in marriage to Miss Charlotte Floyd of Martinsburg, O., and to their union three children were born, only one of whom, with the wife and mother survive.

He leaves a brother, Noah Tilton of Martinsburg and two sisters, Mrs. Sarah Shrake of Coshocton, and Mrs. Matt Robinson of Newark.

Mr. Tilton was always opposed to Sunday funerals and expressed a desire that when he died, not to conduct his funeral on Sunday, so it will therefore be held Monday afternoon at 2 o'clock, under the auspices of the Masonic fraternity, and the Grand Army will have charge of the services at Oakdale cemetery.
